A. Firm Information

Goalsetter Advisors, LLC d/b/a Goalsetter Gold (“Goalsetter” or the “Advisor”) is a registered investment advisor with the SEC. Goalsetter is organized as a Limited Liability Company under the laws of the State of Delaware. Goalsetter was founded in November 2017, and is owned by Students of Wealth, Inc. The Advisor is operated by Tanya Van Court (Chief Executive Officer and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Goalsetter.

B. Advisory Services Offered

Goalsetter offers investment advisory services to individuals and high net worth individuals (each referred to as a “Client”) over the internet, through an interactive mobile application (the “Platform”).

Goalsetter believes that children who are early savers will be lifetime savers. Goalsetter is an investment Platform which empowers families to teach financial literacy and investments by having their own managed investment account.

Goalsetter provides an investment advisory solution for its Clients. The non-discretionary investment advisory solution is based on Clients using the Platform to identify the types of asset class or industry sector that may be of interest. The Platform will recommend stocks, exchange traded funds (ETFs) and mutual funds that correspond to the Client’s chosen asset class or industry sector. The Advisor provides investment advice only with respect to ~~the~~ types of investments and typically provides recommendations on ETFs and/or mutual funds available on its custodian’s platform.

Goalsetter’s investment options are generally long-term in nature. The Advisor does not recommend portfolio strategies that are short-term in nature or that require frequent trading. However, in limited circumstances, the Advisor may recommend buy, sell or re-allocate positions that have been held less than one year due to market conditions or to generate cash.

At no time will Goalsetter accept or maintain custody of a Client’s funds or securities. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the terms of the Platform agreement. Please see Item 12 – Brokerage Practices.

Clients visiting www.Goalsetter.co/legal and other electronic sites maintained by the Advisor will be offered access to the Platform, whereby the Client can access information on financial literacy topics and select investment options to use in the Client’s portfolio. In consideration for its services, the Advisor will receive a monthly advisory fee beginning on January 1, 2022. Individuals that sign-up for Goalsetter prior to December 31, 2021, will be charged the monthly advisory fee beginning on January 1, 2023. Please also see Item 5 below.

Clients that sign up for Goalsetter Gold on or before December 31, 2021, agree to pay Goalsetter, as compensation for the services rendered, facilities furnished, and expenses borne by Goalsetter hereunder, the Advisory Fee. The Advisory Fee, which will begin on January 1, 2023, will be \$3.00 per month and satisfied according to the ACH instructions provided upon your initial sign-up. The Advisory Fee will be charged on the first (1st) of every month or the next business day if such date is on a non-business day. The Advisory Fee will be collected by our affiliate and provided to Goalsetter on your behalf. In the event you or Goalsetter terminates the Agreement prior to the end of the current month, such termination will not take effect prior to the end of the term for which the Advisory Fee has been paid. You also agree and acknowledge that you will continue to be charged the Advisory Fee under this Agreement until you take the necessary steps to close your account, including providing instruction to DriveWealth to sell your securities and liquidate your account.

The Advisory Fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

B. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Goalsetter, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian and executing broker-dealer. The fees charged by Goalsetter are separate and distinct from these custody and execution fees.

In addition, all fees paid to Goalsetter for investment advisory services are separate and distinct from the expenses charged by mutual funds and EFTs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Goalsetter, but would not receive the services provided by Goalsetter which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and

objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Goalsetter to fully understand the total fees to be paid.

Notwithstanding the foregoing, Goalsetter will bear all out-of-pocket expenses incurred in connection with the account(s), including custodial costs, brokerage costs, and tax information for members and regulatory authorities, and all filing costs, fees and any other expenses which are directly related to the investment of the Client's assets for individuals that sign up before January 1, 2022.

C. Advance Payment of Fees and Termination

Goalsetter is compensated for its services in advance of the completion of the month in which investment advisory services are rendered. Either party may terminate the Platform agreement, at any time, by providing advance written notice to the other party.

D. Compensation for Sales of Securities

Goalsetter does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Goalsetter does not charge performance-based fees for its investment advisory services. The fees charged by Goalsetter are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client.

Goalsetter does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Goalsetter offers investment advisory services to individuals and high net worth individuals. The number of each type of Client serviced by the Advisor is available on Goalsetter's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Goalsetter generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Goalsetter employs a fundamental analysis method in developing investment recommendations for its Clients. Research and analysis from Goalsetter are derived from numerous sources, including third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, Goalsetter generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Goalsetter will typically hold all or a portion of a security for more than a year but may hold for shorter periods for the purpose of rebalancing a portfolio or generate cash. At times, Goalsetter may also buy and sell positions that are more short-term in nature, depending on the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. There is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance.

Each Client engagement will entail a review of the research available on investment option chosen by the Advisor. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. Following are some of the risks associated with the potential speculative components of the Advisor's strategy:

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The value of the ETFs will fluctuate with the value of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low volume. Authorized participants in an ETF may change at any time; this may result in change to the liquidity and the ability to redeem the ETF as the authorized participants control the number of shares of the ETF. The value of an ETF fluctuates based upon the market movements and may disassociate from the index being tracked or from the value of the underlying investments. An ETF purchased or sold at one point in the day may have a different value than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The value of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The value of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same value as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

C. Personal Trading in Same Securities as Clients

As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Goalsetter by conducting a coordinated review of personal accounts and the accounts of the Clients. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Goalsetter allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Goalsetter, or any Supervised Person of Goalsetter, transact in any security to the detriment of any Client.**
